

GED Social Studies Practice Test 11

PART A — QUESTIONS

GED-SOC11-001

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

Source:

A state constitution requires that any new tax credit must include a “sunset date,” meaning the credit automatically expires after a set number of years unless lawmakers renew it. Supporters say this prevents tax breaks from continuing forever without review.

Which civic purpose is most directly supported by this requirement?

- A) Requiring lawmakers to review fiscal policies after a period of time
- B) Giving courts the power to collect taxes directly
- C) Allowing private companies to write state budgets
- D) Preventing the legislature from changing tax laws

GED-SOC11-002

Section: Social Studies

Type: mcq

Category: Economics

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A city compares two possible tax plans.

Plan: A, B

Sales tax rate: 6%, 5%

Annual property tax on average home: \$2,400, \$2,760

Estimated annual revenue: \$180 million, \$182 million

Which statement is best supported by the table?

- A) Plan B has a lower sales tax rate but a higher average property tax.
- B) Plan A raises more estimated annual revenue than Plan B.
- C) Plan B has both the higher sales tax rate and the lower property tax.
- D) The two plans raise exactly the same estimated annual revenue.

GED-SOC11-003

Section: Social Studies

Type: mcq

Category: U.S. History

Skill: Analyzing Historical Events and Arguments

Prompt:

Source:

In the early 1800s, some state governments invested in roads, canals, banks, and schools.

Supporters believed these projects would encourage commerce and improve society. Critics warned that public money could be wasted or used to benefit favored businesses.

Which issue is most clearly reflected in the source?

- A) Debate over the proper role of state governments in economic development
- B) Debate over whether the United States should join NATO
- C) Conflict over television ownership in rural areas
- D) Disagreement over whether public schools existed after 1950

GED-SOC11-004

Section: Social Studies

Type: mcq

Category: Geography and the World

Skill: Reading for Meaning in Social Studies

Prompt:

A described map shows three towns in a dry valley. Town A is beside a year-round river. Town B is near a seasonal stream that dries up in late summer. Town C is far from surface water but near a paved highway. Most orchards and vegetable farms are clustered around Town A.

Which geographic factor best explains the farming pattern?

- A) Reliable access to water
- B) Distance from the highway
- C) Lack of fertile land near rivers
- D) Absence of settlement in valleys

GED-SOC11-005

Section: Social Studies

Type: multi_select

Category: Civics and Government

Skill: Analyzing Historical Events and Arguments

Prompt:

Select TWO answers.

A state legislature creates a rainy-day fund that may be used only when revenue falls sharply or emergency costs rise. The law requires a two-thirds vote to withdraw money from the fund.

Which TWO statements best explain the civic purpose of this policy?

- A) It encourages long-term planning for budget emergencies.
- B) It limits how easily officials can spend reserve money.
- C) It allows agencies to spend public money without legislative approval.
- D) It eliminates the need for future budgets.
- E) It gives private banks power to veto state laws.

GED-SOC11-006

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

Paired sources:

Source A:

A county official argues that zoning decisions should remain local because neighborhoods differ in traffic, housing density, and land use. The official says local boards can better understand whether a proposed apartment complex fits nearby streets and services.

Source B:

A state housing official argues that local zoning rules sometimes block needed housing across an entire region. The official supports statewide limits on how much local governments can restrict multi-family housing near transit lines.

What is the main disagreement between the two sources?

- A) Whether land-use decisions should remain mostly local or be limited by statewide housing goals
- B) Whether courts should appoint all zoning board members
- C) Whether apartment buildings should be banned from every city
- D) Whether state governments may conduct foreign policy

GED-SOC11-007

Section: Social Studies

Type: mcq

Category: U.S. History

Skill: Reading for Meaning in Social Studies

Prompt:

Source:

In the late 1800s and early 1900s, settlement houses offered English classes, childcare, job assistance, and cultural programs in crowded urban neighborhoods. Many workers at these houses believed that improving daily life in immigrant communities could also strengthen democracy and reduce poverty.

Which statement best summarizes the role of settlement houses?

- A) They provided social services and supported reform in urban immigrant communities.
- B) They were military bases built to defend coastal cities.
- C) They existed mainly to stop all immigration to the United States.
- D) They replaced city governments with private courts.

GED-SOC11-008

Section: Social Studies

Type: dropdown

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

A legislature that passes a budget is exercising [D1], while the executive branch that spends money according to that budget is carrying out [D2].

Dropdowns:

D1) power of the purse | judicial review | naturalization

D2) implementation of the law | constitutional amendment | jury selection

GED-SOC11-009

Section: Social Studies

Type: numeric_entry

Category: Economics

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A borrower takes a one-year loan of \$2,000 at a simple annual interest rate of 7%. How many dollars of interest will the borrower owe after one year?

Type your answer as a dollar amount without the dollar sign.

GED-SOC11-010

Section: Social Studies

Type: mcq

Category: Geography and the World

Skill: Analyzing Historical Events and Arguments

Prompt:

A country exports most of its cocoa beans to foreign manufacturers. When global cocoa prices fall, farmers earn less even though they harvest the same amount. Some local leaders propose investing in factories that can process cocoa into finished chocolate products.

Which conclusion is best supported by this scenario?

- A) Dependence on raw-material exports can make communities vulnerable to global price changes.
- B) Global prices do not affect farmers who export crops.
- C) Processing raw materials locally always lowers employment.
- D) Countries that export crops cannot participate in manufacturing.

GED-SOC11-011

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Analyzing Historical Events and Arguments

Prompt:

A federal law sets minimum safety standards for drinking water. A state may create stricter standards, but it may not create weaker standards that fall below the federal minimum.

Which principle best explains this arrangement?

- A) Federal law can set a national floor while states may add stronger protections.
- B) States may ignore federal standards whenever they choose.
- C) Local governments may sign treaties about drinking water.
- D) Courts must write all safety standards directly.

GED-SOC11-012

Section: Social Studies

Type: mcq

Category: U.S. History

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A table shows enrollment in public kindergartens in one state.

Year: 1910, 1930, 1950

Enrollment: 9,000, 46,000, 88,000

Which statement is best supported by the data?

- A) Public kindergarten enrollment expanded between 1910 and 1950.
- B) Public kindergarten enrollment decreased after 1910.
- C) Enrollment was highest in 1910.
- D) Enrollment stayed exactly the same in every year listed.

GED-SOC11-013

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

Source:

A state constitution requires that public debt above a certain amount must be approved by voters before bonds can be issued. Supporters say future taxpayers will help repay the debt, so voters should approve large borrowing decisions.

Which statement best explains this requirement?

- A) It gives citizens a role in approving major long-term public borrowing.
- B) It allows judges to create state debt without elections.
- C) It prevents governments from borrowing for any public project.
- D) It gives bondholders the power to appoint governors.

GED-SOC11-014

Section: Social Studies

Type: mcq

Category: Economics

Skill: Analyzing Historical Events and Arguments

Prompt:

A country lowers tariffs on imported farm equipment. Farmers can now buy some machines at lower prices, but domestic equipment manufacturers face more competition from foreign producers.

Which conclusion is best supported by this scenario?

- A) Lower trade barriers can reduce costs for buyers while increasing competition for domestic producers.
- B) Tariff reductions always raise prices for imported goods.
- C) Domestic producers never face foreign competition.
- D) Farmers cannot be affected by trade policy.

GED-SOC11-015

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

Source:

A state requires that tax bills begin in the lower chamber of the legislature, where districts are based on population. Supporters say taxation should begin in the chamber closest to the voters.

Which civic idea is most closely connected to this requirement?

- A) Representation in decisions about taxation
- B) Appointment of judges by private citizens
- C) Military control over public revenue
- D) Elimination of legislative debate

GED-SOC11-016

Section: Social Studies

Type: multi_select

Category: U.S. History

Skill: Analyzing Historical Events and Arguments

Prompt:

Select TWO answers.

During the 1930s, some photographers documented migrant workers, tenant farmers, and struggling rural families. Their images were used in government reports and magazines to show how economic hardship affected daily life.

Which TWO conclusions are best supported by this description?

- A) Visual documentation helped communicate the human impact of the Great Depression.
- B) Economic hardship affected rural and migrant families.
- C) Photographers proved that the Depression affected only bankers.
- D) Government reports avoided all information about poverty.
- E) Migrant workers were unaffected by economic conditions.

GED-SOC11-017

Section: Social Studies

Type: mcq

Category: Geography and the World

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A region reports freight moved by transportation type.

Transportation type: Rail, Truck, River barge, Air

Freight moved: 34 million tons, 28 million tons, 41 million tons, 2 million tons

Which transportation type moved the greatest amount of freight?

- A) Rail
- B) Truck
- C) River barge
- D) Air

GED-SOC11-018

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Analyzing Historical Events and Arguments

Prompt:

A state supreme court rules that a law violates the state constitution because it includes several unrelated subjects in a single bill. The court explains that combining unrelated issues can make it harder for lawmakers and the public to understand what they are approving.

Which conclusion is best supported by the ruling?

- A) Single-subject rules can make legislation clearer and reduce hidden trade-offs.
- B) Legislatures must combine unrelated laws into one bill.
- C) Courts cannot interpret state constitutional limits.
- D) Bills are valid only if they include every possible subject.

GED-SOC11-019

Section: Social Studies

Type: mcq

Category: Economics

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A town compares two funding sources for a park project.

Funding source: Property tax increase, User fees

Estimated yearly revenue: \$900,000, \$450,000

Number of households directly paying: 30,000, 6,000

Which statement is best supported by the table?

- A) The property tax increase raises more yearly revenue and is paid by more households.
- B) User fees raise more revenue than the property tax increase.
- C) The two funding sources affect the same number of households.
- D) User fees raise \$900,000 per year.

GED-SOC11-020

Section: Social Studies

Type: dropdown

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

When a federal rule conflicts with a valid state rule in an area where federal law has priority, the state rule may be [D1] because of [D2].

Dropdowns:

D1) preempted | naturalized | appropriated

D2) federal supremacy | popular initiative | jury deliberation

GED-SOC11-021

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A state budget is \$80 billion. The state spends \$24 billion on health programs.

What percent of the budget is spent on health programs?

- A) 24%
- B) 30%
- C) 56%
- D) 80%

GED-SOC11-022

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

Source:

A state allows cities to create local sales taxes only if the taxes are approved by the state legislature. One city wants to create a new sales tax without state authorization, but the state attorney general says the city lacks legal authority.

Which statement best describes the relationship shown?

- A) Local governments usually depend on authority granted by state law.
- B) Cities may create any tax without legal permission.
- C) State governments have no power over local taxation.
- D) Federal courts collect all local sales taxes.

GED-SOC11-023

Section: Social Studies

Type: numeric_entry

Category: Geography and the World

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A shipping route by canal is 600 miles. The alternative ocean route is 2,400 miles. How many miles shorter is the canal route?

Type your answer as a whole number.

GED-SOC11-024

Section: Social Studies

Type: mcq

Category: U.S. History

Skill: Analyzing Historical Events and Arguments

Prompt:

Source:

During the late 1800s, African American communities created newspapers, schools, churches, mutual-aid societies, and businesses despite discrimination and segregation. These institutions helped communities share information, support education, and organize responses to injustice.

Which broader pattern is shown by the source?

- A) Community institutions helped African Americans respond to exclusion and build support networks.
- B) African American communities avoided creating independent institutions.
- C) Segregation prevented all forms of education and business.
- D) Newspapers had no role in community life.

GED-SOC11-025

Section: Social Studies

Type: drag_drop

Category: Civics and Government

Skill: Analyzing Historical Events and Arguments

Prompt:

Match each target with the correct tile.

Tiles:

- A) Preemption
- B) Bond
- C) Sunset provision
- D) Home rule

Targets:

- T1) A legal rule that allows a policy to expire unless renewed
- T2) Borrowing used by government to finance projects over time
- T3) Local authority to govern certain local matters under state law

GED-SOC11-026

Section: Social Studies

Type: mcq

Category: Economics

Skill: Reading for Meaning in Social Studies

Prompt:

A city borrows money by issuing bonds to build a new bridge. The city will repay bondholders over many years with interest.

Which economic idea is most clearly shown?

- A) Governments can finance large projects by borrowing and repaying debt over time.
- B) Bonds are donations that never require repayment.
- C) Interest applies only to private household loans.
- D) Borrowing prevents governments from building public infrastructure.

GED-SOC11-027

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

A state constitution allows the governor to reduce or remove individual spending items in an appropriations bill without vetoing the entire bill. The legislature may override the action by the required vote.

Which power is described?

- A) Line-item veto
- B) Jury nullification
- C) Naturalization
- D) Habeas corpus

GED-SOC11-028

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Analyzing Historical Events and Arguments

Prompt:

A court rules that a city may regulate the location of billboards for traffic safety and neighborhood planning, but the city may not allow signs with commercial messages while banning signs with similar political messages.

Which conclusion is best supported by the ruling?

- A) Local sign rules may serve safety goals but cannot unfairly discriminate based on message type.
- B) Cities may ban political messages while allowing all commercial advertising.
- C) Courts cannot review local sign regulations.
- D) Traffic safety laws have no relationship to public spaces.

GED-SOC11-029

Section: Social Studies

Type: mcq

Category: U.S. History

Skill: Reading for Meaning in Social Studies

Prompt:

Source:

In the 1920s, many Americans listened to the same radio programs, watched the same movies, and bought national brands advertised across the country. At the same time, debates over religion, immigration, race, and changing social customs showed that cultural unity was incomplete.

Which statement best summarizes the period?

- A) Mass media encouraged shared national culture while social conflicts continued.
- B) Mass media ended all disagreement over social values.
- C) Americans had no access to entertainment in the 1920s.
- D) National brands prevented cultural change.

GED-SOC11-030

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A state has a \$12 billion budget shortfall. Lawmakers propose \$5 billion in spending cuts and \$4 billion in new revenue.

How much of the shortfall remains?

- A) \$3 billion
- B) \$4 billion
- C) \$7 billion
- D) \$9 billion

GED-SOC11-031

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Analyzing Historical Events and Arguments

Prompt:

Source:

A state creates a nonpartisan office that estimates the cost of proposed legislation. The office does not decide whether a bill should pass. Instead, it provides lawmakers with projected costs, savings, and effects on future budgets.

Which claim is best supported by the source?

- A) Fiscal analysis can inform policymaking without deciding policy outcomes.
- B) Budget estimates require courts to pass legislation.
- C) Nonpartisan offices replace elected legislatures.
- D) Lawmakers cannot consider costs when debating bills.

GED-SOC11-032

Section: Social Studies

Type: multi_select

Category: Civics and Government

Skill: Using Numbers and Graphs in Social Studies

Prompt:

Select TWO answers.

A state compares revenue sources.

Revenue source: Income tax, Sales tax, Fuel tax, Corporate tax

Revenue: \$38 billion, \$29 billion, \$6 billion, \$12 billion

Which TWO statements are supported by the data?

- A) Income tax produced the most revenue.
- B) Fuel tax produced the least revenue.
- C) Corporate tax produced more revenue than sales tax.
- D) Sales tax produced less revenue than fuel tax.
- E) Income tax and corporate tax together produced \$41 billion.

GED-SOC11-033

Section: Social Studies

Type: mcq

Category: Geography and the World

Skill: Analyzing Historical Events and Arguments

Prompt:

A described map shows a manufacturing belt that crosses three neighboring countries. Factories near the borders make auto parts, electronics, and machinery. Components often cross borders several times before final assembly.

Which conclusion is best supported by this described map?

- A) Regional supply chains can connect industries across national borders.
- B) Borders always prevent manufacturing trade.
- C) Factories near borders cannot participate in global commerce.
- D) Manufacturing belts exist only inside one country.

GED-SOC11-034

Section: Social Studies

Type: mcq

Category: U.S. History

Skill: Using Numbers and Graphs in Social Studies

Prompt:

A table shows the number of public libraries in one state.

Year: 1900, 1925, 1950

Public libraries: 38, 112, 205

Which statement is best supported by the table?

- A) The number of public libraries increased from 1900 to 1950.
- B) The number of public libraries decreased after 1900.
- C) The number of public libraries was highest in 1900.
- D) The state had no public libraries in 1925.

GED-SOC11-035

Section: Social Studies

Type: mcq

Category: Civics and Government

Skill: Reading for Meaning in Social Studies

Prompt:

Source:

A state constitution requires that tax laws apply uniformly to similar types of property unless lawmakers identify a reasonable classification. Courts review whether tax classifications are arbitrary or connected to a public purpose.

Which claim is best supported by the source?

- A) Tax classifications should be reasonable and connected to public purposes.
- B) Tax laws may classify property only by private preference.
- C) Courts cannot review tax classifications.
- D) Similar property must always be taxed by foreign governments.

PART B — ANSWER KEY + EXPLANATIONS

GED-SOC11-001 — Correct: A — Correct Answer: Requiring lawmakers to review fiscal policies after a period of time — Explanation: A sunset date forces later review instead of letting a tax credit continue automatically.

GED-SOC11-002 — Correct: A — Correct Answer: Plan B has a lower sales tax rate but a higher average property tax. — Explanation: Plan B has a 5% sales tax and \$2,760 property tax, compared with 6% and \$2,400 under Plan A.

GED-SOC11-003 — Correct: A — Correct Answer: Debate over the proper role of state governments in economic development — Explanation: The source describes disagreement over public investment in infrastructure, banks, and schools.

GED-SOC11-004 — Correct: A — Correct Answer: Reliable access to water — Explanation: Farms cluster near Town A because it is beside a year-round river.

GED-SOC11-005 — Correct: A,B — Correct Answer: It encourages long-term planning for budget emergencies. | It limits how easily officials can spend reserve money. — Explanation: A rainy-day fund prepares for emergencies, and a two-thirds vote makes withdrawals more difficult.

GED-SOC11-006 — Correct: A — Correct Answer: Whether land-use decisions should remain mostly local or be limited by statewide housing goals — Explanation: Source A emphasizes local zoning control, while Source B supports statewide limits to promote housing.

GED-SOC11-007 — Correct: A — Correct Answer: They provided social services and supported reform in urban immigrant communities. — Explanation: Settlement houses offered services such as classes and childcare while supporting urban reform.

GED-SOC11-008 — Correct: D1=power of the purse; D2=implementation of the law — Correct Answer: D1=power of the purse; D2=implementation of the law — Explanation: Legislatures authorize spending, and the executive branch carries out the law.

GED-SOC11-009 — Correct: 140 — Tolerance: exact — Correct Answer: 140 — Explanation: Simple interest is $\$2,000 \times 0.07 \times 1 = \140 .

GED-SOC11-010 — Correct: A — Correct Answer: Dependence on raw-material exports can make communities vulnerable to global price changes. — Explanation: Cocoa farmers earn less when global prices fall, even if production stays the same.

GED-SOC11-011 — Correct: A — Correct Answer: Federal law can set a national floor while states may add stronger protections. — Explanation: Federal standards set minimum protections, while states may choose stricter rules.

GED-SOC11-012 — Correct: A — Correct Answer: Public kindergarten enrollment expanded between 1910 and 1950. — Explanation: Enrollment rose from 9,000 to 88,000.

GED-SOC11-013 — Correct: A — Correct Answer: It gives citizens a role in approving major long-term public borrowing. — Explanation: Large debt can affect future taxpayers, so voter approval gives citizens a direct role.

GED-SOC11-014 — Correct: A — Correct Answer: Lower trade barriers can reduce costs for buyers while increasing competition for domestic producers. — Explanation: Lower tariffs may help farmers buy cheaper equipment while exposing domestic producers to competition.

GED-SOC11-015 — Correct: A — Correct Answer: Representation in decisions about taxation — Explanation: Tax bills beginning in the population-based chamber connects taxation to representation.

GED-SOC11-016 — Correct: A,B — Correct Answer: Visual documentation helped communicate the human impact of the Great Depression. | Economic hardship affected rural and migrant families. — Explanation: The description shows photographers documenting hardship among rural and migrant families.

GED-SOC11-017 — Correct: C — Correct Answer: River barge — Explanation: River barge moved 41 million tons, the largest amount listed.

GED-SOC11-018 — Correct: A — Correct Answer: Single-subject rules can make legislation clearer and reduce hidden trade-offs. — Explanation: The ruling explains that unrelated subjects in one bill can hide what lawmakers approve.

GED-SOC11-019 — Correct: A — Correct Answer: The property tax increase raises more yearly revenue and is paid by more households. — Explanation: The property tax raises \$900,000 and affects 30,000 households, more than user fees.

GED-SOC11-020 — Correct: D1=preempted; D2=federal supremacy — Correct Answer: D1=preempted; D2=federal supremacy — Explanation: Valid federal law with priority can preempt conflicting state rules.

GED-SOC11-021 — Correct: B — Correct Answer: 30% — Explanation: \$24 billion out of \$80 billion equals 30%.

GED-SOC11-022 — Correct: A — Correct Answer: Local governments usually depend on authority granted by state law. — Explanation: Cities generally need state authorization to impose certain taxes.

GED-SOC11-023 — Correct: 1800 — Tolerance: exact — Correct Answer: 1800 — Explanation: 2,400 miles minus 600 miles equals 1,800 miles shorter.

GED-SOC11-024 — Correct: A — Correct Answer: Community institutions helped African Americans respond to exclusion and build support networks. — Explanation: Newspapers, schools, churches, societies, and businesses supported education, information, and organizing.

GED-SOC11-025 — Correct: T1=C; T2=B; T3=D — Correct Answer: T1=Sunset provision; T2=Bond; T3=Home rule — Explanation: A sunset provision expires unless renewed, a bond finances projects through borrowing, and home rule gives local authority under state law.

GED-SOC11-026 — Correct: A — Correct Answer: Governments can finance large projects by borrowing and repaying debt over time. — Explanation: Bonds allow governments to borrow now and repay bondholders later with interest.

GED-SOC11-027 — Correct: A — Correct Answer: Line-item veto — Explanation: A line-item veto allows an executive to reduce or remove specific spending items.

GED-SOC11-028 — Correct: A — Correct Answer: Local sign rules may serve safety goals but cannot unfairly discriminate based on message type. — Explanation: The ruling allows traffic-safety regulation but rejects unfair message-based distinctions.

GED-SOC11-029 — Correct: A — Correct Answer: Mass media encouraged shared national culture while social conflicts continued. — Explanation: Radio, movies, and brands created shared culture, but major social debates continued.

GED-SOC11-030 — Correct: A — Correct Answer: \$3 billion — Explanation: \$5 billion in cuts plus \$4 billion in revenue covers \$9 billion of a \$12 billion shortfall, leaving \$3 billion.

GED-SOC11-031 — Correct: A — Correct Answer: Fiscal analysis can inform policymaking without deciding policy outcomes. — Explanation: The office estimates budget effects but does not decide whether bills pass.

GED-SOC11-032 — Correct: A,B — Correct Answer: Income tax produced the most revenue. | Fuel tax produced the least revenue. — Explanation: Income tax is highest at \$38 billion, and fuel tax is lowest at \$6 billion.

GED-SOC11-033 — Correct: A — Correct Answer: Regional supply chains can connect industries across national borders. — Explanation: The described map shows components crossing borders multiple times before final assembly.

GED-SOC11-034 — Correct: A — Correct Answer: The number of public libraries increased from 1900 to 1950. — Explanation: Public libraries increased from 38 to 205.

GED-SOC11-035 — Correct: A — Correct Answer: Tax classifications should be reasonable and connected to public purposes. — Explanation: The source says classifications must not be arbitrary and must connect to a public purpose.
